

# MARINE DEGREASER

BIODEGRADABLE  
CONCENTRATE

## BILGE & ENGINE CLEANER

### *Features & Benefits:*

- Non-toxic, water soluble, non-flammable, concentrated degreaser.
- Biodegradable with no hydrocarbons.
- Can be diluted with salt water.
- Cleans lower hull areas using natural boat movement.
- Quick break laboratory tested (total separation of oil and water).
- Converts oil and grease into a water-soluble product.
- Excellent for bilge and engine cleaning where a solvent degreaser cannot be used for safety and environmental reasons.
- Australian made and quality guaranteed.
