

DIESEL FUEL ADDITIVE

WITH
BIOCIDE

MARINE DIESEL POWER

Features & Benefits:

- Improves fuel economy and cleans injectors and fuel lines.
- Added Biocide prevents and kills algae and bacteria in fuel lines and fuel storage tanks.
- Disperses water in diesel fuel, which is harmlessly burnt off.
- Concentrated and economical to use.
- 1 Litre treats 4000L of fuel.
- Removes and prevents formation of gums, varnish and oxidation in fuel systems.
- Neutral pH.
- Decarbonises combustion chamber.
- Reduces diesel smoke.
- Australian made, quality guaranteed.
